

CAPABILITY STATEMENT

Advancing mission-critical defense, geospatial intelligence, and digital engineering solutions

CORE COMPETENCIES

- 
Geospatial Intelligence
 GeosIntel. Proprietary data analytics and decision support platform for defense logistics & SLED markets www.geosintel.com
- 
Digital Engineering
 MBSE applied to engineering, technology development, and enterprise logistics
- 
Wireless / RF Systems
 RADAR, EW simulation & verification
- 
Photonics Engineering
 Optical & thermal system modeling, design, and analysis
- 
Systems Engineering
 Full lifecycle SE, RMF, Requirements Development
- 
Software Engineering
 DevSecOps, Agile SDLC, Appian, AWS, Python AI/ML
- 
AI / Machine Learning
 Optimization engines, predictive analytics, decision support
- 
Program Mgmt & Business Services
 Acquisition support, compliance oversight, strategic consulting

PAST PERFORMANCE

DLA J62 Portfolio — Tier 1 Sub (5+ Years)

DBS (BCAT III): Full lifecycle program management, systems engineering, DevSecOps sustainment, and compliance documentation for DLA's enterprise Defense Business Systems.

DBS (BCAT II): Defense Business Systems — module lifecycle support, integration testing, acquisition artifact production.

AI/ML Optimization Engine: Python-based tools supporting DCSO contract award decisions and data-driven logistics analysis.

DIFFERENTIATORS

- 
GeosIntel Platform
 Proprietary geospatial data intelligence platform for defense logistics and state/local government — unique among HUBZone small businesses.
- 
Digital Engineering for Logistics
 DoDI 5000.97 MBSE and digital thread applied to DLA enterprise business systems — at the intersection of DoDI 5000.97 and DoDI 5000.75.
- 
RADAR/EW Heritage
 Deep electromagnetic spectrum expertise — Electronic Attack, Electronic Protection, Electronic Support, and RF system integration.
- 
HUBZone + SDB Agility
 SBA-certified HUBZone with evaluation preference. Rapid deployment, low overhead, direct senior engagement.
- 
DLA Program Depth
 5+ years continuous on DLA's most critical medical logistics programs. Deep institutional knowledge of DLA governance and BCAT compliance.

CONTRACT VEHICLES & CERTIFICATIONS

DLA JETS 2.0 IDIQ

Team Member

Navy SeaPort-NxG
